Boat Description

Ardura is a truly unique combination of traditional Croatian shipbuilding and modern-day yacht construction and technologies. The design of the ship was made to reflect and, to an extent, recreate, the look of the traditional *Trabakul* ship-type. This sailboat hosts up to 12 passengers in 6 modern and flexibly arranged cabins, equipped with a minibar, TV, air-conditioning and of course en-suite facilities. Our guest will surely enjoy the large sun deck, perfect for sunbathing during the sail, or enjoying during swim stops. It is powered by twin 200-HP John Deere engines, which move this 28-meter-long ship at the times when sailing is not an option. Our guests' comfort and satisfaction are guaranteed and taken care of by our 4-people-crew, consisting of a Captain, a sailor, a chef and a hostess.

Yacht category:	Gulets
