<b>Year built:</b>	2018

## Boat Description

New Beneteau's Oceanis 38.1 combines strong sailing performance and a spacious cockpit with few below decks accommodations choices. It has practical features, performance, and elegance on boat sizes where function outweighs personalization. A redesigned deck plan with a strop on the coachroof gives the boat a sleeker profile while maintaining the cruising features of the cockpit completely free of manoeuvres under sail. The mainsail arch is the ideal choice for a cockpit protected in all circumstances.
